

Speech-Enabled Software

*Jointly developed by Micro Medic, Inc. and
Blind Industries and Services of Maryland*

Products

CPSpeak with ETS for Counterpoint

CPSpeak enables Counterpoint point-of-sale software to speak over 140 commonly used messages and prompts. Specific prompts may be customized organization-wide or by individual user.

The speech-enabled ETS product facilitates JWOD substitution and is integrated directly into Counterpoint. ETS capabilities include:

POS:

- Tickets – If an ETS item is scanned, display and say the warning and allow the sale
- Orders – If an ETS item is scanned, display and say the warning and prevent the order of ETS item. Instead, default to JWOD item.

Purchasing:

- PO's – If an ETS item is entered, display and say the warning and prevent the order of ETS item. Instead, default to JWOD item.

Items:

- Item screen – If an ETS item is entered, display and say a warning.
- View items screen - If an ETS item is entered, display and say the warning and automatically roll over to the JWOD item.

MMWireless with Speech for Counterpoint

MMWireless allows a hand-held interface to many Counterpoint functions. Speech-enabled portions assist the blind associate using the following modules:

Item Lookup *Voice Enabled*
Line Buster
Physical Count
Quick Transfers
Gift Registry
Receiving *Voice Enabled*
Label Print *Voice Enabled*
Bin Location Assignment
MicroOrator

Visit the MMWireless website at <http://mm-wireless.com> for complete details.

1	Cisco Access Point	\$ 500.00	\$ 500.00
1	Holster for carrying the scanner and handheld	\$ 150.00	\$ 150.00
		Taxable Total	\$4,252.00

Software Installation and Setup

If you have an in-house technical staff capable of setting up the wireless network, Micro Medic can provide supplementary phone technical support at \$120 per hour. We also have technicians that will come on-site and do the installation for you. Our fee for sending a technician on-site is \$960/day plus transportation and lodging expenses. Travel time is billed at half our hourly rate which is \$120.
